### Overview

Welcome to the Rent Coupon Book Instructions by DGEnterprises. We hope that you will enjoy using this workbook and find it useful. Please make sure you read the End User License Agreement (EULA) and Legal Contract before beginning to use this workbook. This workbook is written to be used with Microsoft Excel. You must have a valid copy of Microsoft Excel installed on your computer system to utilize this workbook. It is highly recommended you keep a blank copy of this workbook in another location on you computer in case you are in need of it at a later time. You can also find these instructions on our website (www.dg-ep.com)

The Rent Coupon Book will create one year's worth of rent coupons to give to your renters. It has proven to be a useful tool to help renters to remember to pay their rent on time. And since the coupon book calculates out the penalty of paying late, it encourages there timely payments. It is extremely customizable to your particular property and renter. Easy to use and intuitive, it can be quickly adjusted every time you need to use it.

#### Installation

You only have to do this once and it's really easy. This is a file, and not a program. Just unzip the zipped folder to the location you want to keep the file such as your Desktop or My Documents folder. Then every time you wish to access the file, just double click on it to open it up.

#### Start Here

Ok. Let's get started. Go ahead and open the file. Click on the Start Here Tab (in newer versions of Excel it will be the color red).

This is the page you fill out that fills in all the other fields in the workbook. This way all you have to do is make adjustments to the fields every time you need to make another workbook.

Fill in the yellow boxes on the left side of the sheet. There are reminder boxes of what each one is on the right side of the sheet.

### **For Printing**

Now that all you custom information is filled out, simply go to the For Printing Tab and print out your coupons. As you do, you will notice that each and every field you customized is automatically adjusted and calculated. There are light grey lines around each coupon to act as a cutting guide and very small numbers up in the upper right hand corner to help you sort and staple them together along the left side.

## **For Printing Cover**

Just like the For Printing sheet it is automatically filled out. Just print it out and cut along the small grey guidelines. There is a portion for the front and a portion for the back.
